AUCTION BY SEALED BIDS

PETROL STATION SITES

AT CBD NSIT CITY

WHERE INNOVATION FUELS OPPORTUNITY

Quaid's Message

"Think a hundred times before you take a decision, but once that decision is taken, stand by it as one man."

Muhammad Ali

Message by CEO

CBD Punjab is committed to redefining urban development through strategically planned, investment-ready districts that foster economic growth and global competitiveness. CBD NSIT City reflects this vision as an integrated hub designed to support innovation, connectivity, and commercial excellence.

The offering of petrol station sites within this development presents a unique opportunity for investors to align with a forward-looking ecosystem where infrastructure, accessibility, and demand converge. We remain dedicated to creating platforms that enable sustainable returns while contributing to the broader economic landscape of Punjab.

Imrah Amin

Message by COO

At CBD Punjab, our focus remains on delivering developments that are not only structurally sound but commercially viable and future-ready. CBD NSIT City has been carefully planned to ensure seamless integration of mobility, business, and lifestyle components.

The petrol station sites being offered are positioned to serve as high-efficiency service hubs within this ecosystem. With strong location fundamentals and evolving consumer behavior favoring integrated retail formats, these sites present a compelling case for long-term operational success and value creation.

Fueling Tomorrow's Urban Movement

Lahore's commercial footprint is expanding. Driven by a commitment to purpose-built infrastructure and modern connectivity, the city is moving toward a future defined by integrated urban planning. At the heart of this shift is CBD NSIT City, a district designed to act as an engine for economic activity and innovation.

Within this dynamic landscape, CBD Punjab is proud to present a unique investment opportunity within this development: two premium petrol station sites.

Strategically positioned at the nexus of NSIT City's rapid growth and adjacent to DHA Phase 6 & 7, these sites are engineered to deliver sustained vehicular traffic and long-term economic yield. By aligning with evolving mobility trends and offering the flexibility for multi-format retail integration, these sites offer investors a rare, high-performance asset designed for long-term value creation.
